

SKINNER STEEL COUPLING

1/2" to 12" Steel
Couplings with Steel or
Ductile Iron End Rings

"-H" indicates Three Bolt Style

FEATURES

- Center Sleeve: Carbon steel per ASTM A513
- End Rings: Steel per AISI C1010 hot rolled sheet or ductile iron per ASTM A536
- Gaskets: Special rubber gaskets compounded for water and natural gas
Optional EPDM gaskets available, add "-S" to end of part number
Optional Armor-tipped gaskets for conductivity are available, add "-ATG" to end of part number
- Bolts and Nuts: High strength low alloy steel per ASTM A242. Optional Type 304 stainless steel available, add "-P" to end of part number
- Finish: Red epoxy paint
- Rated Working Pressure: The lesser of the pressure rating of the pipe or 300 psi
